

THE ROMAN CATHOLIC DIOCESE OF ROCKVILLE CENTRE

St. Agnes Cathedral, Rockville Centre, New York

The parish, along with Bishop Murphy, embarked on a campaign to renovate St. Agnes Cathedral. It has been 35 years since any major work has been done. Plans call for restoration and renovation of the sanctuary, pews, kneelers, flooring, and exterior lighting in addition to interior painting. The theme of the campaign proclaims, "Together we can do something beautiful for God!"

HE2PD was retained as Program Manager for the full renovation of the St. Agnes Cathedral, as part of the continuing work our firm performs for the Diocese of Rockville Centre. Phase I of this project was completed in March, 2015. The firm was commissioned to verify conceptual budgets and to assist the Diocese in its evaluation of the scope of the project. Activities included the preparation of new estimates for each phase of project, development of comprehensive schedules, and assembly of all documents and systems at the location. HE2PD, Inc. played an integral part in assembling the liturgical pieces required for this project.
